

Registration Process:

To become a part of Laura's Little Learners, one will need to schedule an interview where I can meet both you and the child. This can be scheduled at your convenience. During this interview, you will be able to see where the daycare and the resources s/he will have at his/her fingertips. Moreover, this will be a time for you to clarify and discuss different aspects of my program with me, such as fees, times, meals, days, daily schedules, curriculum, etc.

After the initial interview, I would like to hold a second interview to discuss, in more detail, my program and/or to answer any questions that may have come up. Furthermore, you can decide to complete the contract as well as the other forms with me at the end of the second interview or take the forms home for you to complete and return to at your convenience. Once I have received the necessary paper work as well as the registration fee, your child will become part of my Family Day Care on the assigned start date.

Registration Fee:

A registration fee is required, which is non-refundable, to hold your child's 'spot' until his/her schedule start date. The fee will be equal to one week's fee, which can be applied to the first week's payment. If your child is unable to start on their assigned start date, the fee is forfeited and the 'spot' will be given away.
